Fund Management

Aberdeen Asset Management Limited

Investment Objective

Aims to provide an overall return that exceeds the return from its benchmark, when measured over the recommended investment timeframe.

Investment Strategy

The investment strategy of the Fund is to utilise Aberdeen's proven investment philosophy and approach to invest primarily in a concentrated portfolio of global listed securities that have the potential for capital growth and increased earning potential. Our global equities team draws on the research capabilities of our regional investment teams located worldwide. Through their own proprietary research each regional team creates a concentrated regional model portfolio of best ideas. This is based on a rigorous appraisal of each company's fundamentals and relative valuation. The aggregate of the regional models forms the global buy list.
