Important information:

- The administration fee examples in this flyer do not provide an indication of non-fee differences between each product and should not be used to make any decision without also considering all the differences between the relevant products. For example, the available investment menus, benefits, risks, and availability of some features, such as insurance cover, may vary significantly between the different products. More information on these differences will be provided closer to the move to BT Panorama.
- The examples should not be used to compare super/pension products and investment (IDPS) products – each product type is different and subject to different terms, rights and obligations.
- The examples include only the administration fee and trustee fee that apply to these products. They do not include any expense recoveries, transaction/cash account fees (this is the fee charged by the product issuer for managing the amount held in the transaction/cash account), custodial holdings option fee or any other fees and costs that may apply to some or all of the available investments (such as advice fees, transaction fees, transaction costs, external broker fees, performance fees, other indirect costs, investment management fees and any applicable buy/sell spread charges). This means that the total fees and costs payable in relation to an account will be greater than those set out in the examples.
- The examples may not be representative of the fees that apply where a modified administration fee rate applies to an account.
- The fees in these examples are inclusive of the Goods and Services Tax (GST) and net of any Reduced Input Tax Credits (RITC). Figures are per annum and have been rounded down to the nearest dollar.
- The examples assume that the value of holdings in the account and the investments held do not change over the year.
- The examples do not take into account:
 - the impacts of the 0.275% (incl. GST) cash rebate rate applicable to Asgard eWRAP Super/Pension products and the 0.30% bonus interest paid to some Asgard eWRAP Investment accounts. These will no longer apply after the move to BT Panorama.
 - any fee aggregation that may apply if an account is grouped with other accounts in a relevant Asgard product or BT Panorama. More information on fee aggregation and BT Panorama fees in general can be found on the migration hub at bt.com.au/movingyouraccount.
 - the benefit of any fund manager rebates that may be received. Rebate arrangements with fund managers may be different between Asgard eWRAP and BT Panorama or may not be offered by the fund manager after the move to BT Panorama.
